

BHS School Info App

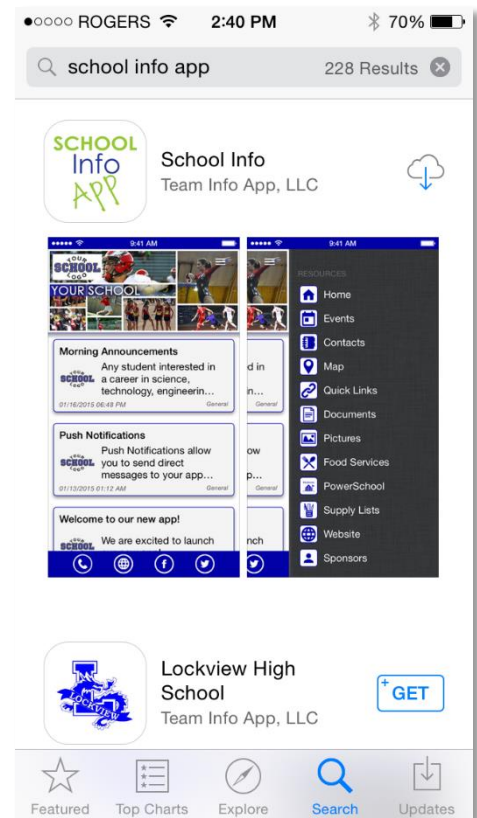

Quick Guide

The School Info App provides easy access to Brooklin High School announcements and documents. It will include links to the school website and twitter feed. The App is available in app stores for Apple and Android. Below is an example from the Apple App Store, steps for other devices would be similar.

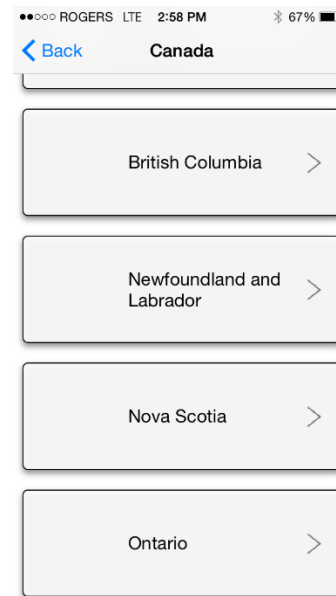

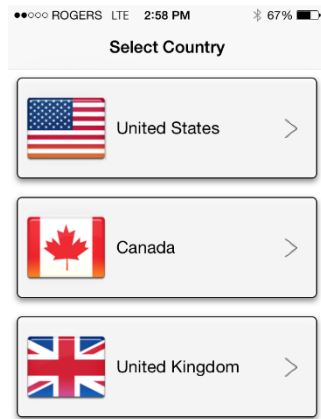

Note: users of older devices or Blackberries will find that no app is available. If this is the case, school announcements can be seen by visiting bit.ly/BrooklinSIA.

**This link will work only for touch screen devices.*

1. Access your device's app store, search for School Info App. Download the app.

2. Once the app is downloaded, open it. You will be prompted to choose a country, and province.

3. Choose Brooklin High School from the list of schools.
