

SEAC

**SPECIAL EDUCATION
ADVISORY COMMITTEE**

What is SEAC?

Under Ontario's Education Act, every student is entitled to a program which meets their needs. In Durham, our Special Education Advisory Committee (SEAC) helps the Board protect the rights of students with special learning needs. SEAC provides information, advice and assistance to parents/guardians whose children may require additional support. SEAC advises and makes recommendations to the Board concerning the establishment and development of special education programs and services.

Who Are Exceptional Students?

Exceptional Students are those whose behavioural, communicational, intellectual, physical or multiple exceptionalities are such that the student needs a specialized placement or support as identified by the Identification, Placement, and Review Committee (I.P.R.C.) The mission of the Durham District School Board's Special Education program is to provide a range of programs, placements and services for students with special needs in a supportive environment which enables them to develop to their full potential. Our on-going commitment is to provide the structures and support each student needs to foster their growth and development in programs which promote integration and independence as defined for each student based on their strengths and needs.

What happens at a SEAC Meeting?

SEAC meetings are a forum for SEAC members to provide advice and discussion of Board programs and support services for exceptional pupils.

Meetings follow a formal format including:

- Review of Minutes
- Presentations
- Current issues and initiatives in Special Education
- Committee Reports by members

My role as member at large is to organize information that is presented and be available to interact with anyone who feels a non-affiliated partner is a good representative, or is looking for a basic starting point in connecting to information and resources. I have flexibility in providing advocacy work to reflect who or what is top priority at any given time. I hope to bring strong communication skills, personal and professional background to the table and provide valuable feedback in shaping the progression of special education services.
