

School Climate / Well-Being Survey For Students 2022-2023

Thank you for taking the time to complete the School Climate/Well-Being Survey for Students. The Durham District School Board (DDSB) is committed to providing a safe and caring learning environment for all students.

This survey asks about your experiences, attitudes and behaviours related to your school and your well-being. We want to know what you think. **This is not a test**, and there are no wrong answers. Please respond honestly and completely. The information from the survey will help us understand what you think about your school experience.

When the word “school” appears in a question this refers to all learning spaces including all virtual learning environments (example DDSB@home or other on-line instruction offered through the DDSB).

The survey is anonymous (your name will not appear anywhere) and your answers are confidential. No one will be told how you answered. Your answers will be combined with those of other students. The information that you and your classmates provide will be used by the staff at your school and the DDSB to help promote a healthy and safe environment for all students.

This survey is voluntary. You do not have to answer all of the questions if you do not want to, but we hope you will answer as many questions as you can!

If you require accommodation under the Human Rights code to participate in this survey please contact your school's administrator.

If you are worried, sad, confused, need help or just need someone to talk to, you can contact Kids Help Phone anytime. This service is completely anonymous and confidential.
