Our Mission

The Durham District School Board is committed to fostering success and independence for each student by providing a range of pathways, programs, opportunities and services. Students with special education strengths and needs are supported in inclusive environments that enable them to develop to their own full potential.

For more information, please contact the Special Education Resource Teacher (SERT) at your school.

The Durham DSB core priorities are all reflected in Inclusive programming which promotes student growth and achievement. Student independence is fostered through a gradual release of responsibility model. This framework provides the modelling and support needed to set a student on a path to their own level of independence. Independence allows for a growth of a student’s voice which includes knowing who they are, what they want or need and making positive choices that affect their life.

SUCCESS
We value your achievements.

WELL-BEING
We value how you feel.

LEADERSHIP
We value how you grow.

EQUITY
We value who you are.

ENGAGEMENT
We value your involvement.

INNOVATION
We value forward thinking.

Students’ needs can be met through a variety of programs, placements and class types within the DDSB. We strive to help every student meet their full potential, while fostering the highest level of independence possible for each student. We work with parents/guardians and board staff to determine the placement that best meets the student’s needs, whether that is in a regular classroom, or for some students, in a special education class.

We place a strong emphasis on the inclusion of our students with special needs, providing meaningful, individualized integration opportunities for students accessing special education programs.

**Regular Class Placement**

**PLACEMENT DESCRIPTION**

The regular class is considered the most inclusive of placements. The majority of students with special education needs access programming in a regular classroom. For most students, a classroom teacher, with support of the school’s Special Education Resource Teacher and board staff, is able to provide individualized programming that allows the student to meet success in a classroom environment with their peers.

The Board endeavours to meet the needs of all students in the most enabling environment. The Board’s practice, consistent with the Ministry direction is that, wherever possible, special learning needs are addressed within the home school and regular class placement.

**Special Education Class Placements**

Some students require a higher level of support, more intensive intervention and specialized services in order to meet with success. For those students, parents and guardians may be offered an opportunity to explore a Special Education Class placement for their child. In the DDSB we provide eight class types that meet the needs of students with a specific learning profile and that have clearly defined outcomes of student success.

**STRUCTURED LEARNING CLASS**

**Special Education Class with Partial Integration**

The Structured Learning Class (SLC) provides intensive support for students diagnosed with Autism Spectrum Disorder (ASD) who are working on Ontario or Alternative curriculum expectations. Teaching strategies based on Applied Behaviour Analysis (ABA), e.g. Structured Teaching TEACCH®, data collection, positive reinforcement and generalization, are utilized to develop skills in a variety of domains including but not limited to: communication, self-regulation, and social skills.

Maximum of six students

**SELF-REGULATION CLASS**

**Special Education Class with Partial Integration**

The Self-Regulation Class provides an early intervention (Grades 2 & 3) and intensive support program which seeks to support the development of self-regulation skills embedded in an academic focused program. Students will develop self-regulation skills and be supported in opportunities both within the program learning space and through integration.

Maximum of eight students

**PRACTICAL LEARNING PROGRAM**

**Special Education Class with Partial Integration or Special Education Class Full-time**

The Practical Learning Program provides intensive support while teaching and reinforcing essential skills that foster independence in activities of daily living. This program is suited for students who may have intellectual disabilities, developmental disabilities, and/or autism.

Maximum of ten students

**DEVELOPMENTAL PROGRAM**

**Full-time Special Education Program**

The Developmental Program provides an intensive support program for students who have significant physical, intellectual or developmental disabilities. Students accessing the Developmental Program may also be medically fragile and/or require significant sensory support. The program also includes integrated community supports embedded within programming.

Maximum of six students

**DEAF/HARD OF HEARING PROGRAM**

**Special Education Class with Partial Integration**

The Deaf/Hard of Hearing Program provides intensive support for students whose primary concern is speech and language related to their hearing loss. The program provides instruction in Ontario Curriculum as well as receptive and expressive language, auditory, management and self-advocacy. Total communication is the focus for the program. Necessary spoken and visual supports are provided to develop receptive and expressive language and access curriculum.

Class maximum of twelve students

**SCHOOL SUPPORT PROGRAM**

**Special Education Class with Partial Integration**

The School Support Program provides an opportunity for an intensive support placement for the development of core curriculum and executive functioning (learning skills) for students within their community school. The goal of the program is to foster independence and integration.

Elementary: maximum of ten students
Secondary: maximum of twelve students

**TRANSITION TO WORK PROGRAM**

**Self Contained Special Education Program**

The Transition to Work Program is designed to bridge between school and successful adult living by providing experiences in various work environments. The goal of the program is to develop employability skills and foster independence to support students with special needs to become productive workers with a goal of leading to meaningful employment. Through this program placement, students with special education needs can learn, practice, and refine productivity skills and social skills that are essential to participating in meaningful employment, learning more about themselves and the world of work.

Maximum of twelve students

**GIFTED PROGRAM**

The Gifted Program provides differentiated support for learners who are intellectually gifted. As a self-contained classroom program at the elementary level, the program provides students to learn with and from other students with similar or higher intellectual aptitude. Based on the Ontario Curriculum, the program places in breadth and depth of the learners with a focus on creative and complex ways of thinking.

Elementary: maximum of 25 students
Secondary: Access through individual course selection
