

FUN TIPS

FOR WEARING A MASK

The DDSB understands that transitioning to wearing masks at school may not be easy.

Here are a few age-friendly activities to make the new normal fun!

Talk to your children about wearing a mask during family time.

Have “**MASK ON**” moments every day

Watching a favourite tv show or movie

Doing chores around the house

While colouring or making crafts

Playing a video game or hide and go seek

- ★ Provide children with an **extra mask** in a zip-lock bag in case they lose their mask.
- ★ **Make masks together** at home. Children can decorate them and make it fun.
- ★ Play a game, children can **pretend to be doctors or nurses** and wear their masks.
- ★ Play a game where children can **put masks on stuffed animals or dolls**.
