Junior Dodgeball Festival

This February, Dryden P.S. hosted over 100 students from 5 different schools for a free dodgeball tournament. The night consisted of many students who were getting their first opportunity to wear a school jersey, and lots of dodgeball. The excitement in the gym was palpable as students played various versions of dodgeball with passion, enthusiasm and integrity. The stage was packed with many proud parents who shared their appreciation for this opportunity for their children to actively participate.
