

## DURHAM DISTRICT SCHOOL BOARD ADMINISTRATIVE REPORT

**REPORT TO:** Education Finance Committee **DATE:** June 8, 2026  
**SUBJECT:** 2026-2027 Official Enrolment Projections **PAGE:** 1 of 4  
**ORIGIN:** Camille Williams-Taylor, Chief Executive Officer and Secretary to the Board  
Lisa Bianca, Associate Director of Corporate Services and Treasurer of the Board  
RaeAnn Tawembe, Head of Facilities Services  
Lindsay Wells, Senior Manager, Development and Inclusive Design  
Lygia Dallip, Manager, Property and Planning

The Durham District School Board recognizes Indigenous rights are distinct. In the exercise of those rights, Indigenous staff and students shall not be subjected to actions with the aim or effect of depriving these distinct rights.

The Durham District School Board is committed to providing learning and working environments that centre human rights and equity and are safe, welcoming, respectful, equitable, accessible, inclusive and free from all forms of discrimination, oppression, harassment and harm.

### **1.0 Strategic Links**

The annual Official Enrolment Projections (OEP) is the basis for determining staffing and accommodation needs for the coming school year, providing staff with the tools to develop a plan for efficient utilization of DDSB's existing spaces and strategic new capital priorities projects which will support meaningful learning by providing high quality teaching and learning spaces; contribute to connected communities by ensuring spaces that foster opportunities to meet, learn from and inspire each other are available; and advocate well-being by ensuring our schools are safe, caring and respectful environments where people can thrive.

### **2.0 Policy and Legislative Connections**

[DDSB Pupil Accommodation Plan - Trends, Issues and Future Opportunities](#)

### **3.0 Abstract**

This is a compliance report provided for information. DDSB Planning staff, in conjunction with Workforce Planning and Business Services staff, have developed the annual OEP for October 31, 2026 projecting an increase in enrolment of 261 pupils.

Staff received input from elementary and secondary principals through discussions, meetings, and/or email correspondence. Inclusive Student Services (ISS) provided input on the location and enrolment of ISS classes for 2026-2027. Durham Alternative Secondary School (DASS) projections have been excluded from the OEP as they represent students in the District who are typically over secondary school age.

#### **4.0 Purpose**

The purpose of this report is to provide information to the Board of Trustees on the 2026-2027 OEP. Copies of the OEP summary tables are attached as Appendix A and the by-grade summary tables as Appendix B. The enrolments in the OEP and stated in this report are unadjusted “head count” numbers, meaning the actual number of students attending at any given time without making potential adjustments for part-time students.

#### **5.0 Background and Context**

The OEP are utilized by various departments and staff across the District to inform the annual budget and to allocate staffing for schools for the coming school year. Based on this need, the projection is developed in February and further refined over the balance of the current school year as ongoing enrolment registrations for the coming year impact the projection.

At the school level, the OEP are used as the basis for staffing purposes for the upcoming school year.

Centrally, Facilities Services use the OEP to identify schools and programs with unsustainable increases or decreases in enrolment, where boundary/program revisions are required and to determine future school needs.

Enrolment projections for the schools affected by the Uxbridge PS Boundary Review reflect projections as status quo. A final decision on the Uxbridge PS Boundary Review is expected to be made by the Board of Trustees on June 15, 2026 and adjustments to the OEP will be made as necessary.

OEP are also used to identify which schools have space to accommodate partnerships, or where there is a deficit of space, and temporary portable accommodations are required.

Details and results of this analysis will be shared in the annual Accommodation Plan, Trends, Issues and Future Opportunities Report to be released September 2026.

#### **6.0 Analysis**

DDSB retained Paradigm Shift Technology Group Inc. to aid in the development of 15-year enrolment projections, giving consideration to municipal growth forecasts. Sources for growth considerations included discussions held with the Region of Durham’s (the Region) Planning & Economic Development staff, the Region’s Annual Building Activity Review reports, and each lower tier municipality’s official plans which incorporated the former Envision Durham – the Regional Official Plan.

The progression of population growth and residential development has been updated in DDSB's enrolment growth forecast to better reflect the noted delays in new residential development being constructed and new homes being occupied. The municipal forecasts have not been revised by local municipalities, but projected annual housing starts have been moved further out in the forecasting period to recognize the current slowdown in economic growth.

Existing students in DDSB schools progress through the grades while recognizing the impact on the regular track and French Immersion (FI) programs. ISS provides class information for Small Class placements.

Enrolment projections have been reviewed school by school and compared with the Ministry of Finance's school-aged population projections which were most recently updated in Fall 2025. Junior Kindergarten (JK) projections were also compared to actual and ongoing JK registration data.

In developing the OEP, consideration is given to development with Registered Plans of Subdivision over a 5-year period as these developments are within the immediate future. Longer-term development, identified in the most recent and approved Regional and municipal development forecasts, is considered, and projections for future years are adjusted to reflect the estimated timing of these developments.

In comparing 2025-2026 October 31 enrolments reported to the Ministry of Education through its OnSIS portal to the October 2026 OEP, there is a projected increase of 163 elementary students and 98 secondary students for a District-wide projected increase of 261 students enrolled at DDSB. As noted above, DASS enrolment projections have been excluded from the OEP.

The 2026 OEP include the elementary French Immersion (FI) projections for 2026-2030, as summarized in Appendix C. The projection considers students currently in the FI program and aging them through the system as well as anticipated participation in the program from students residing in new residential areas.

## **7.0 Risks and Opportunities**

Risks of the OEP include financial implications for the DDSB if actual student enrolment does not reach projected enrolment counts.

Opportunities of the OEP include identifying areas of growth across the system, which guides where the DDSB is looking to relocate portables and build new schools. For the first time since 2023, the DDSB will have sufficient portable classrooms to support enrolment in excess of school building capacity across the system, with the existing supply. This is possible with the opening of 3 new elementary schools and 1 new secondary school in the 2026-2027 school year.

## **8.0 Financial Implications**

Enrolment projections are a starting point for the development of annual budgets and fiscal planning for the coming year.

## **9.0 Communication/Implementation Plan**

The 2026 OEP document will be made available on DDSB's website.

## **10.0 Conclusion**

The October 2026 OEP for DDSB is projected to be 56,542 elementary students and 23,815 secondary students for a projected total head count of 80,357 DDSB students in 2026-2027, excluding DASS students. This represents a projected increase of 261 students enrolled.

This report is provided to the Board of Trustees for information.

## **11.0 Appendices**

Appendix A – 2026 OEP Summary Tables

Appendix B – 2026 OEP By Grade Summary Tables

Appendix C – 2026 French Immersion OEP Summary Tables
