

GET INVOLVED MAKE A DIFFERENCE

DEAR PARENTS,

Your child's school has signed up for the Ontario Schools Battery Recycling Challenge (OSBRC) by Raw Materials Company. The Challenge officially starts on October 15th, 2018 (Waste Reduction Week) and runs until April 19th, 2019 (Friday before Earth Day). The Challenge is bigger and better than ever, and every school has a chance to walk away with a prize!

WHAT IS THE OSBRC?

The OSBRC is a recycling competition between 200 elementary and secondary schools across Ontario. Its purpose is to teach children and their families about the proper way to handle, store and recycle batteries at home and at school. Since 2014, OSBRC schools have recycled more than 5.5 million single-use batteries. The OSBRC prize pool has paid out more than \$60,000 to winning schools and every year, 10% is donated to the SickKids Children's Hospital.

STUDENT MISSIONS

With your consent, your child can sign up for Student Missions. If they complete 3 missions they will be entered into a draw for one of ten \$50 VISA Gift Cards. If they complete all 5 missions by Family Day, they'll have a chance to win a family trip to Great Wolf Lodge in Niagara Falls! We also added three bonus missions this year to give students extra chances to win! For more information and to register, please visit:

YOU CAN HELP!

Collect single-use alkaline batteries from your home, family, friends and work. Before you send them to school, please tape the terminals on all 6V, 9V and button cell batteries. To learn more about how to store batteries in your home and how to prepare them for recycling, please visit:

www.rawmaterials.com/page/education/prepare-batteries/

Primary single-use alkaline batteries only. Alkaline batteries come in common sizes including AA, AAA, C, D, 6V, 9V and button cell. Primary "lithium" and rechargeable batteries are not part of this program. To recycle them and all other types, please visit makethedrop.ca

Sincerely,

Sarah Lacharity
